25X1

From Reshety (56°09' N, 97°14' E), which is located on the Transiberian railroad line, a secondary broad-gauge line branched off toward the north. The line passed through densely wooded terrain and touched Nikolayevka (56° 17' N, 97° 00' E); Tabagashet (56° 27' N, 97° 05' E), Mamova (56°53' N, 97° 00' E) Maleyevo (57° 26' N, 97° 31' E). Narrow-gauge spur tracks up to 30 km long extended from the secondary railroad line into the wooded area to the west and east. The terminal point of the new line was unknown.

Comment. The existence of the secondary railroad line branching off from Reshety is reported for the first time. It is possible that the line has been built as far as the navigable Angara River.
